

President's Report

June 20, 2009

As part of the Board's mission of supporting the image of Ventana Lakes as the wonderful community it is, we recently held a Community Celebration for many of our newest residents, and we will be holding quarterly Newcomer Celebrations. As part of this ongoing effort, homeowner and webmaster Chuck Schumm has prepared a wonderful PowerPoint slideshow to be used not only during these meetings, but which is also linked to the Ventana Lakes website so that anyone interested in our community can learn all about it.

The "Welcome" slideshow was then presented to residents in attendance at the Board meeting.
