

President's Report

3/20/2010

Since I have only been in this office for ten day as, this report will be quite brief.

First, I want to thank every member of the Board for their dedication and commitment to serving this fine community. The day to day responsibility and hours of time and effort to follow through on various necessary appointments as liaisons and/or committee representatives may not be apparent to some of our residents but the track record of the retiring Board is great especially as measured by the lack of C & C (criticism and complaints) in our local newspaper. I have every reason to believe the cohesive function of the current Board, with the addition of Dick Feyrer and a yet unnamed additional member, will successfully and responsibly meet the challenges of decision making (and in this economy, problem solving) to maintain Ventana Lakes as an active, pleasant, safe, harmonious community to proudly call home.

Although there have been two resignations noted in our January minutes and March 10th minutes which were to be effective March 30th, I am excited to announce that written communication from Lori Norris and Chet Homan has been received indicating their wishes to rescind their resignations. It is with great pleasure that I accept their written requests to rescind those resignations and I'm sure I speak for the rest of the "old-timers" in saying "WELCOME BACK, even though you never actually left". And all of us will be happy to share the many extra Director responsibilities still unassigned even though most of us have already taken on three or four.

It has been an unusual beginning to our term of office starting with a spirited election of officers followed four days later by the passing of Vada Bowers, one of our newly elected directors. Let us quickly regroup with energy and enthusiasm taking on our responsibilities with compassion and understanding, good listening skills and leadership ability.
